

Help Reach our Troops with God's Word!

The following note arrived on Christmas Day 2007:

"I am an Air Force officer currently deployed to the desert. I received the Rapid Deployment Kit a few months back and I want to extend my thanks. I carry my New Testament Bible in my flight suit when I fly. I read a Psalm before each flight as my prayer for protection for that day's sortie. Especially during this Christmas season when I am away from my family, the Lord's words bring me comfort and peace. Thank you so much for this wonderful gift."

As this note highlights, *RDKs* mean so much to our troops. For many soldiers, especially those heading into harm's way, these *Kits* are an essential part of their gear—a vital resource they can turn to at any time offering assurance of God's faithfulness.

Campus Crusade for Christ's Military Ministry continues to receive thousands of requests for *RDKs* each month from troops, family members, and military chaplains. Each *RDK*—with a New Testament that includes Psalms and Proverbs, a daily devotional, and an evangelistic booklet—still costs just \$3.25. And troops can carry these pocket-sized *Kits* wherever they go, providing them with ready access to God's Word.
